## PROFESSIONAL SUMMARY

Reaching in secondary school I studied well with a good performance that gave me a success of national examination in second class division

Where I got a chance to continue my studies in advanced level in mcb branch I tried to use all my effort with a discipline and obeying everyone and that characters gave me the chance to be a leader of students in school I become Headgirl from S4\_S6.

In all of my journal of studying and even daily social life like interacting with more people led me to know or to discover my ability of taking care of people
